Election/Restrictions

1. This application contains claims directed to the following patentably distinct species: Species I corresponds to Figure 10 and Species II corresponds to Figure 10A . The species are independent or distinct because they are illustrated to be used independently.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, no claims are generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

2. A telephone call was made to Mr. J. C. Shah on 12/04/2006 to request an oral election to the above election requirement, Mr. J. C. Shah elected Species I and informed the Examiner that claims 1-15, and 19-23 corresponds to Species I and Applicant reserve the right to file divisional application for claims 16-18.

Detailed action on the elected claims 1-15 and 19-23 follows below.

Authorization for this examiner's amendment was given in a telephone interview with Mr. J.C. Shah on December 4, 2006.
